

Vermont Academy of Science and Technology (VAST) program offered at Vermont Technical College (VTC)

Students receive a high school diploma and complete a year of college through VTC at the same time.

VAST students have the option to get a diploma from VAST or VAST *and* their sending school. If they choose to receive the sending school diploma, they would need to re-enroll in their sending school to receive the diploma.

- VAST is an independent, accredited high school exclusively for high school seniors. At VAST, students receive a high school diploma and complete a year of college at the same time.
- Available to Vermont seniors at no charge for tuition (can apply as a junior)
- Students cover the cost of books and any applicable fees. Some students qualify financially for VTC fee waivers and VSAC grants. VSAC also offers loans to VAST parents.
- VAST students who elect to continue their education at Vermont Tech are eligible to receive the VAST Forward tuition scholarship of \$3,000 per year.
- Areas of focus are math and science but all VTC majors are open to VAST students including undeclared.
